

PROFILE

A self-motivated and resourceful Scenic Artist with over fourteen years practical experience of theatre and commercial installations underpinned with a BA (Honours) 2.1 degree in Scenic Arts. I am hard-working and love to overcome new challenges within my career. I enjoy and work well both in a team and independently, by managing my time and guiding others. I have experience working in all weather conditions and working at height. I am based in Greater London with good transportation links and I am willing to travel and stay away for work.

KEY SKILLS AND ACHIEVEMENTS

- Managing properties, construction and painting departments to tight schedules Ensuring the production is completed on time and within the allocated budgets, often sitting in on budget meetings and scheduling.
- Certificate in National Aviation Security Training (GSAT) whilst working at Cardiff International Airport on an extensive refurbishment programme with Scene2 Ltd.
- Production and Installation specialist for James Glancy Design Ltd involving the creation of large scale Olympic and seasonal installations for high profile clients and locations, collaboration with the Rolling Stones- Carnaby Street. Running production team of 6-15 people to ensure work was completed on time, within budget whilst maintaining a high standard and finish.
- Job leader and junior job leader roles onsite installing the large scale decorations, liaising with security staff and centre management in the shopping centres, managing the onsite teams so that the work could be carried out safely and within the time constraints. Working in close proximity with the general public my responsibilities included keeping the team and the public safe, communicating in an efficient and polite manner and completing works in accordance with health and safety and site specifications
- Work placement at Daedalus in New York exploring the different methods used in the USA, during this time I learnt new techniques and used some different products which I had not previously used in the UK. Additional Work experience placements at The National Theatre and Terry Murphy Scenery Ltd
- My experience in the themeing and installations industry has given me experience with working at heights and in all weather conditions. I am able to adapt to the situation required to work in quickly and efficiently. Willing to work away from home around the country and travelling for work is not an issue.
- Painting techniques include: Wood graining, Texturing, Distressing, Cloth work, Painting on Gauze, Marbling, Rust, Perspective, Stone effects, Floor Cloths, Metal effects.
- Experience with compressor and spray guns.
- Poly carving plaster and clay work and finishing effects. Basic knowledge of fibreglass
- Metal work (Basic) - MIG welding
- Carpentry (Basic)
- First aid trained (Basic)
- Trained to work at heights and Ipaf 3a, 3b Qualification
- Safety trained with most power tools
- Competent in Microsoft Office applications
